## CONDITIONS OF SALE

PRICES given in this list are intended for whole-sale trade only, and cancel all previous quotations. They are based on current conditions and therefore are subject to change without notice.

### TERMS:

1. Cash with Order.
2. Half of amount remitted with order, balance C. O. D.
3. Charge Accounts. To firms whose credit has been established with us, strictly 60 days net from date of invoice. Interest may be charged at 6% thereafter. When opening a new account, time may be saved by forwarding bank and trade references.

PACKING at cost will be charged above prices quoted, except when cash accompanies order. Paper pots, when used, will be charged extra.

SHIPPING instructions are requested. Whenever possible we will pool smaller orders in carloads to near vicinity, thus saving on freight and boxing costs. Early placement of orders is essential in insuring accommodation in our pool cars.

CLAIMS or COMPLAINTS should be made within 10 days of receipt of shipment, and in the case of breakage, must be accompanied by a copy of the Report of Damage furnished by an inspector for the carrier at time of delivery of shipment.

# CAMELLIAS

**CAMELLIA CHANDLERI ELEGANS**

D&D Camellias for the 1940-41 season are finer than ever. In filling orders for balled plants we select only those which are well budded and immediately salable, labelling each plant as to color.

## CAMELLIAS NAMED AS TO COLOR ONLY

Red, Pink, White or Variegated.

## NAMED VARIETIES IN LINING OUT STOCKS

Our lining out stocks of Camellias are well rooted stocks and in healthy condition, and true to name. When a variety is sold out, substitution will not be made without consent of purchaser.

We particularly recommend our grafted plants. D&D grafts are made on 2 year potted stocks, and are stocky and healthy, with a running start on cutting grown stocks of the same age.

All potted plants are transferred to paper pots and carefully packed, with packing costs waived when cash accompanies order.

Catalog space will not permit of listing the many varieties which we grow. A supplementary list will therefore be issued, about December 1st, offering additional varieties.

THREE SERIES ESPALIER PEAR

## ESPALIER FRUIT TREES

As agents for the U. S. Espalier Nursery Co., Portland, exclusive growers of Espalier Fruit Trees, we offer a product of fast growing popularity, grown by skillful and experienced nurserymen trained in European countries where the Espalier tree has reached its greatest perfection. These trees bear fruit almost from the very start, and should be on sale and display in every retail nursery salesyard. Trees are transplanted bareroot, roots packed in moss for shipping.
